I. Background

The Further Consolidated Appropriations Act (the Act) provides annual funding to the Health Resources and Services Administration (HRSA) and other federal departments and agencies. In addition to providing appropriations, the bill includes legislation that addresses a wide range of policy issues throughout the federal government. The requirements and limitations on use of funds awarded under the Act are clarified in the annual HRSA External Grants Policy Bulletin publication the mandates of which are required to be adhered to by the recipient. The purpose of this guideline is to comply with requirements of the Act.

II. Scope

This guideline shall apply to all existing and future HRSA grants and cooperative agreements. It is the responsibility of Sponsored Projects Accounting (SPA) to review the annual HRSA External Grants Policy Bulletin and revise the document accordingly.

III. Responsibility

The Director of SPA or delegate will review the HRSA website annually for publication of the External Grants Policy Bulletin. Updates to the University Guidelines will be reviewed and approved by the Senior Vice Chancellor for Research (SVCR) and/or the Senior Vice Chancellor and Chief Financial Officer (SVC CFO), as officers on the Board of Trustees, and will be published to the Sponsored Projects Accounting and Office of Sponsored Research webpages and distributed to the Pitt research community.

IV. Guideline

This guideline establishes limitations on the use of funds received from HRSA grants and cooperative agreements in compliance with the legislative mandates outlined in the annual appropriations bill. These legislative mandates remain in effect until a new appropriation bill is passed establishing new and/or revised mandates.
